DETAILED ACTION

Information Disclosure Statement

The information referred to in Applicant's information disclosure statement has been considered as to the merits.

Preliminary Amendment

Applicant's preliminary amendment has been entered.

Election/Restriction

Applicant's election of Group II, claims 8-16, without traverse is acknowledged.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 12, 13 and 18-21 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. In line 5 of claim 12, the phrase "the travel of the output bracket" lacks proper antecedent basis. In line 7 of claim 18, the

Art Unit: 3636

phrase "the load bearing surface" lacks proper antecedent basis. Claims 13 and 19-21 are indefinite since each depends from an indefinite claim.

Allowable Subject Matter

Claims 12, 13 and 19-21 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

Claim 18 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action.

Claims 8-11, 14-17 and 22-25 are allowed.

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. A tiltable office chair assembly is shown by each of Hama et al (5582459) and Elzenbeck et al (5564783). Plural rotary mechanisms with engaging teeth are shown by each of Lloyd (507142) and Prouty (245013).
